

ALL PURPOSE PREMIUM QUALITY TUBULAR FENCING

ALSTEEL[®]
TUBULAR FENCING

FENCING SYSTEMS (NZ) LIMITED

IS PROUD TO INTRODUCE ITS

ALSTEEL® TUBULAR FENCING RANGE.

Alsteel® Tubular Fencing will enhance the appearance of any private home or commercial property plus provide attractive, strong, secure and easy to install surrounds for all outdoor areas.

Designed to meet the standards of the Fencing of Swimming Pools Act 1987, Alsteel® Tubular Fencing can be installed as a free standing fence, between brick columns or fastened to other structures.

Alsteel® Tubular Fencing is manufactured from galvanised steel for corrosion protection and a long, maintenance free life. This diverse product can be powder coated and comes with a 3 year material warranty.

Alsteel® fences have a major advantage being able to "rack" up to 12 degrees enabling the fence to follow the ground contours ensuring the gap under the fence remains constant.
Note: Hoop fences do not "rack".
